Play to win.

Just a word about the price of The Glenlivet. Preposterous.

Is the premium we place on The Glenlivet really so outlandish? No more so than the premium placed on great vintage wines and fine champagne cognacs. The reason? Isate, Just one sip and you'll know that The Glenlius has a reat that's

without equal.
The Glenliver is
Scotland's first and finest single
malt Scotch, from Scotland's
closel ticensed distillery, And,
just as it always has been, this
100% Highland mark whisky is
distilled from natural spring
water and fine malt barley,
then aged in oaken casks.

Only The Glenlivet's time-honored methods can achieve this unequaled taste. A taste that sets us apart. Its smoothness, body and bouquet are qualities found only in this unique Scorch.

Of course, some people may still insist that The Glenlivet is too expensive. We have just one word to say about that. Preposterous!

The Glenlivet 12-year-old unblended Scotch. About \$20 the bottle.
